In connection with your invitation to visit us, we would be obliged if you could give us a little more information about yourself and your interests in the following questionnaire.

NAME.....DATE OF BIRTH.....

1. Please give brief details of any involvement you may have had in the past with any voluntary organisation.
  
2. Being concerned with PHR involves many aspects, from ward visiting for requests, library work, attending outside charity events, programme presenting, fund raising, general assistance etc. You will be trained in all aspects of this work, but do you see yourself having a preference in the way you could be involved? Please give brief details.
  
3. Although entirely voluntary, PHR could take up a lot of your time depending on how you become involved. How much time, on a weekly basis, do you feel you could become involved?
  
4. In all cases, PHR membership entails a probationary period in the beginning of all aspects of work. It may well be that the particular aspect you may be suited to may not be available for some time after that. Do you anticipate that that would change your view of membership?
  
5. As outlined over the page, you will come into contact with patients in many and various conditions. Please explain if you may have any problems with this area of work.

6. Please make any comments below you feel will enable PHR to get to know you a little better before your visit.

Thank you for completing this questionnaire. We look forward to seeing you at the Committee Meeting/Studio complex. Please do not be alarmed if you see the whole Committee on the same night in the same room. We don't bite!
